# Ever heard of an educational equipment gallery? Neither have we! Let's figure it out together!

Project Title	Ever heard of an educational equipment gallery? Neither have we! Let's figure it out together!
Project Summary	Design posters to support San Francisco VA Medical Center clinical staff in providing safe and reliable care to our Veterans.
Country	United States

#### **Project Description**

We need YOUR creativity and visual design skills to help ensure that we can provide high quality, safe and efficient care to our Veterans. Our design intern will help develop clinical educational posters for every unit in our hospital. The first poster project will be a quick reference tool for staff to match equipment to patient mobility level.
